Yes! The RA and Sam were very complementary of their work in the senior staff meeting this morning. I'll work with them to see what is needed. We will keep you posted.

Kudos to you as well! The RA said he's heard rave reviews on your work in Santa Fe. I hope to see you soon.

Claudia,

I hope all is well. I received a call from Pam Phillips. WQ has provided excellent support to the SF Division during the response to the Gold King Mine spill. So kudos to all!!! Please note, we need to continue this effort. Several employees have been working endless hours and days. It may be time to replace them with new folks having the same expertise. I asked her to forward a list of names and needs who we need to replace. Please, work with AD's to provide the continued support.

Thank you,

David F. Garcia
